Coverings Announces Installation & Design Award Winners for 2020

April 20, 2020 – ARLINGTON, Va. – **Coverings** (coverings.com), the largest international tile and stone exhibition and conference in North America, today announced 18 projects receiving Coverings Installation & Design (CID) Awards for 2020. The CID Awards celebrate outstanding achievements in the design and installation of tile and stone in both residential and commercial projects.

“We were truly impressed with all of the project submissions we received for this year’s CID Awards program,” said Jennifer Hoff, president of Taffy Event Strategies, LLC, the event management company for Coverings. “However, there were 18 projects that superbly demonstrated the versatility of tile and stone. Coverings is honored to award and recognize their creative and sophisticated applications of tile and stone, each of which showcases the latest industry advances and trends.”

A panel of editors and industry leaders evaluated the project submissions. The submissions were based on tile and stone execution, original usage and overall design and purpose. Special recognition was given to those projects exemplifying spectacular tile and stone applications.

Projects were awarded using eight categorical designations: Residential Tile Installation, Residential Tile Design, Residential Stone Installation, Residential Stone Design, Commercial Tile Installation, Commercial Tile Design, Commercial Stone Installation, and Commercial Stone Design. The CID Awards are sponsored by *TileLetter*, *Tile Magazine* and *Contemporary Stone & Tile Design Magazine*.
